Fukagawa City household garbage sorting table (Simplified Version)

Revised on April 2021

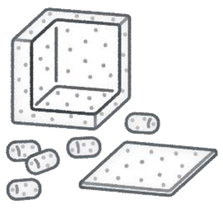
Burnable waste（燃やせるごみ）

cup noodle containers

disposable lighters

＊Use up the contents, soak it in water for a day and throw it away.

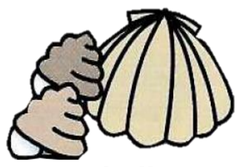
leather goods (shoes, bag etc…)



styrofoam

egg packs

paper diapers



shells

CD,DVD, videotapes

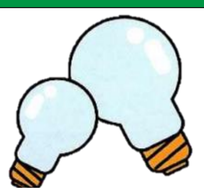
clothes

tree branches

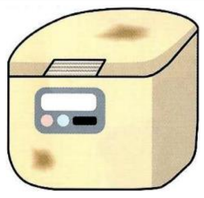
A branch, from a household plant, with a diameter of 2 cm or less and a length of 80 cm or less that fits in a garbage bag. Larger sizes are "Non-burnable garbage" or "Large-sized garbage".

Non-burnable waste（燃やせないごみ）

metal lids

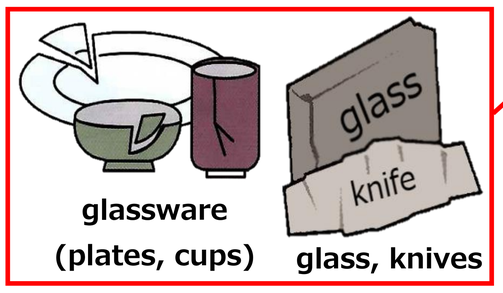


light bulbs
LED light bulbs



small appliances (hair dryer, rice cooker etc…)

cans of powdered milk



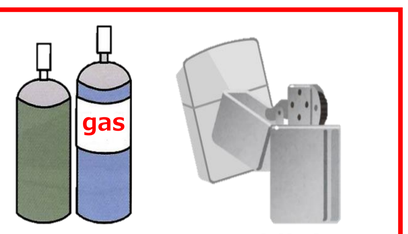
glassware (plates, cups)

glass, knives

＊For newspapers, papers, etc. please wrap and label

Computers can't be disposed in the city. If you don't know the processing method, check the website below or contact the Environment Division.

URL→https://www.city.fukagawa.lg.jp/cms/section/kankyo/ik75k4000000hrqq.html



＊Use up or take out the contents

spray cans　metal lighters

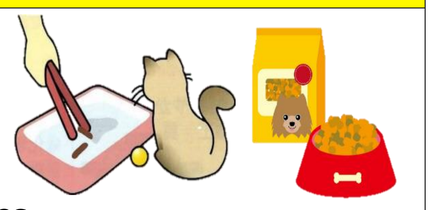
Compostables（生ごみ）

cooking oil

＊Put cooking oil in a plastic bottle and cap it. Separate it from other kitchen waste and put it in a separate "compostable bag".

leftover garbage

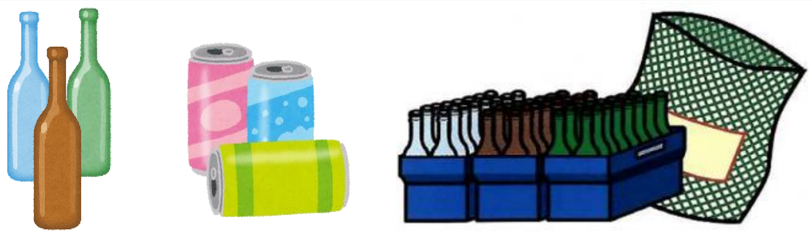
Tea bags are burnable waste. Tea leaves are compostables. (Same for coffee filters)



pet droppings, pet food

Recyclable garbage Containers（容器資源ごみ）

bottles, cans（空きビン・空きカン）

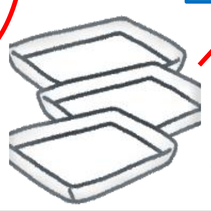


Place in a collection container or in the net bag placed in the garbage box the day before the collection date. Divide the bottles into clearless, brown, etc.

PET bottles, white styrofoam trays（ペットボトル・白色トレイ）

＊Labels and lids are Burnable waste

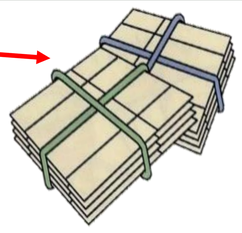
Things with a depth of about 3cm



Put in a bag where you can see the contents. Separate the PET bottles and white styrofoam trays without putting them in the same bag.

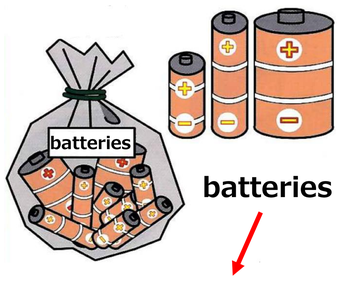
Recyclable garbage such as paper（紙等資源ごみ）

paper box, cardboard

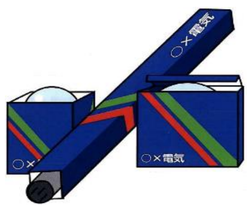


newspapers

paper cartons



batteries



fluorescent tubes

To prevent the fluorescent tube from breaking, put it in the protective tube (box) that came with the product at the time of purchase and dispose it. (Cardboard is also acceptable as a box)

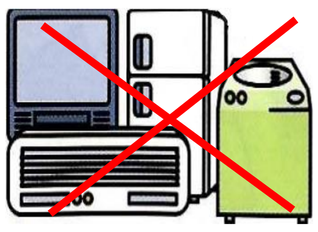
＊Tie in a cross with a string etc.

manga, catalogs, pamphlets, notebooks ,textbooks, copy paper, postcards, envelopes, paper bags etc.

Put it in a transparent bag and write "batteries".

Large-sized garbage（粗大ごみ）　Apply to the Environment Division

Even if it is "Burnable garbage" or "Non-burnable garbage", it depends on the shape, size, weight (generally 5 kg or more), etc.
Items that are difficult to fit in a paid garbage bag (Those that can be carried by two adults.)



TVs, refrigerators, washing machines, clothes dryers, and air conditioners can't be disposed in the city, so consult the store you bought it in or a place that sells similar products.

bicycle

kitchen stove, gas stove

furniture

snow shoveling tools

beddings

For the bed, put one "Large-sized garbage" disposal ticket sticker on the mattress and one on the main body.

①Please put garbage out at the garbage box by 8 am (punctually) on collection day.
②If you have a car and want to bring it directly to the waste disposal facility, please bring it to the Kitasorachi Sanitation Center.
③To collect "Large-sized garbage", you need to apply to the City Enviroment Division (0164-26-2444) by the Monday of the week before the collection date. (Until the next day if it is a holiday)
Please don't put "Large-sized garbage" in the garbage box. Put it out in front of your house's door, parking or entrance.

For inquiries about garbage and applications for Large-sized garbage, please contact the Environment Section, Fukagawa City.　TEL:0164-26-2444
